

Senior Performance Marketing Manager

Varsity Learning Technologies · Bengaluru (Hybrid)

About the role

We are hiring a Senior Performance Marketing Manager to own paid acquisition for our online upskilling programs. You will run the full paid funnel across search and social, own CAC and enrolment targets, and work closely with the content and product teams.

Key Responsibilities

- Own and scale paid acquisition across Google Ads and Meta Ads with a monthly budget above INR 1 crore.
- Drive down cost per enrolment while growing qualified lead volume quarter on quarter.
- Build and run a structured experimentation roadmap across creatives, landing pages and audiences.
- Partner with the content team on ad copy and landing page messaging for high-consideration programs.
- Report weekly on CAC, ROAS and funnel conversion to the leadership team.
- Manage and mentor a team of two performance marketing executives.

Required Skills and Qualifications

- Must have 5+ years of hands-on performance marketing experience.
- Required: proven expertise running Google Ads and Meta Ads at scale.
- Mandatory: strong command of conversion rate optimization and A/B testing.
- Essential: working knowledge of GA4 and marketing analytics dashboards.
- Required qualification: Bachelor's degree in any discipline.
- Must have experience owning CAC, ROAS and unit economics for a paid funnel.

Preferred / Good to have

- Preferred: experience in edtech or another high-consideration B2C category.
- Good to have: experience with SQL for self-serve funnel analysis.
- Nice to have: exposure to lifecycle and email marketing.
- Bonus: experience managing a small team.
- Advantage: Google Ads certification.

Location

This is a hybrid role based in Bengaluru. Candidates must be willing to work from the Bengaluru office three days a week.
